

Chena Flats Greenbelt Project Meeting Minutes
Thursday, December 14, 2006
Larry Bright's House, 5:30-7:00 pm

Attendees: Elaine Mayer, Bob Henszey, Karen Brewster, Sally Andersen, Larry Bright, Marie Beaver, Karla Bright.

We discussed follow-up duties for the fund appeal that on December 11 was mailed to 1200 residents of the Chena Flats and surrounding region. Thank you letters and receipts need to be sent to donors. Those donors who want to be included on our mailing list will be added to our list.

We discussed making the editing process more efficient by designating one person with the Chena Flats Group to act as the liaison between the Project Coordinators and the group. Marie commented that for the past few writing projects, there have been so many people editing her and Sally's work that incorporating all the edits is has been time-consuming and difficult. It was decided that Bob Henszey will be the point person between the Project Coordinators and the rest of the Chena Flats Group.

The group brainstormed businesses and/or individuals to approach for auction items. The auction is scheduled to be held at Pike's Waterfront Lodge on March 4 from noon to 3 pm. We came up with roughly 65 ideas ranging from fuel businesses to babysitting services to house cleaning services. Many people in the group volunteered to approach some of the businesses and/or individuals. Marie emphasized that it is best to start soliciting now because in her experience it takes a long time to get a hold of people as they are busy and tend to not call back.

The last item of business was our meeting schedule for the next few months. Elaine was able to secure Room 154 at the Cooperative Extension building, 1000 University Avenue, (at the old University Park School), for the first Monday of every month for the next several months. However, as the first Monday of January happens to be January 1, we will schedule our next meeting for February 5.
