

Chena Flats Greenbelt Project Meeting Minutes  
Monday, June 4, 2007  
Old University Park Building, Rm. 154, 5:30-7:00 pm

Attendees: Bob Henszey, Sally Andersen, Larry Bright, Tako Raynolds, Lisa Lehman.

We discussed the status of the NAWCA grant. The funds for both grants are in our Smartlink account and are being held up by a quarterly report that was due for the first NAWCA grant (Craft parcel) on 3/31. Tako will complete this online form and transfer the funds to the IALT Northern Schools account prior to leaving town.

We discussed the status of the State Trails grant. We are currently waiting on a report from the State Office of History and Archaeology to complete the Environmental Review Checklist. The State Trails grant will then be resubmitted showing The Conservation Fund as owners of the parcel, which should at long last release funds to us.

\*The remainder of the meeting minutes include discussions of confidential conversations with private landowners. Details are included in the confidential "executive session" minutes.

We decided that the next meeting would be held at in the meeting room upstairs at Gulliver's Books while meeting sizes are small. We have this room reserved for the July meeting. Sally will look into re-scheduling U-Park School Room 154 for future meetings.

*The next meeting date is scheduled for July 2 from 5:30 to 7:00 pm at Gulliver's Books.*
