

# **Chena Flats Greenbelt Project Meeting Minutes**

**Wednesday, February 4, 2009**

**Alaska Coffee Roasting Company, 5:30-6:30 pm**

Attendees: Bob Henszey, Sally Andersen, Larry Bright, Tako Raynolds, Karen Brewster

## **Fundraising Discussion**

- We discussed various fundraising methods and decided against an auction due to the high effort and low stakeholder interest. We also decided against a membership drive/brunch at Pike's in favor of a membership drive/BBQ in early or late May (perhaps to coincide with clean-up day) on the Fountainhead parcel. The primary purpose of the BBQ is to increase a base of support and ask for members. I will contact school teachers, parents, and put signs in University West. At this event we will collect email addresses and potential interest in a Chena Greenbelt Users Club. We will inform people that 2 weeks hence we'll be have a work day for the Ketzler North Access project. Maps and photos will be available for those new to the project.
- We also discussed the idea of a major donor-type campaign, and Larry has agreed to host an open house at his home in March or April to cultivate local neighbors who might contribute a larger sum of money to the project.

## **Other Events**

- We decided to do another ski tour in mid-March, probably on March 21, the first Saturday after the FNSB school break. I will ask Mike Craft to plow out the parking area prior to that weekend.

*There are no scheduled upcoming meetings.*
